

**Objectives and Investment Policy**

The objective of the Fund's activities is long-term capital growth. The Management Company invests the Fund's assets in the equity markets and in other securities all over the world. The Fund's investments are geographically diversified between different global financial markets. The aim of the Fund is to invest mainly in the securities with high dividend yields or securities with increasing dividend yields.

The Fund invests mainly in equity shares, but may also invest in other asset classes, which may from time to time mean that the Fund has no equity positions. The Fund's investment policy is not specialized by specific sector, region asset classes or issuer.

The Management Company applies active investment management techniques in management of the Fund, deciding the allocation of investments into different regions, sectors, asset classes and investment objects in the course of day-to-day management. Depending on the market situation, the distribution of the fund's assets between different asset classes and instruments can vary significantly.

In addition to shares, the Fund's assets may be invested in other similar tradable rights; bonds, convertible bonds and tradable debt obligations issued; subscription rights and tradable rights granting the right to acquire securities; money market instruments, and tradable depositary receipts; derivative instruments; shares and units of investment funds; in deposits of credit institutions and currencies of the investment region.

Further to shares and other similar tradable rights, the assets of Fund may be invested into other securities mentioned above, deposits in credit institutions and the currencies of the investment region.

The Fund's eQ unit income shall not be distributed to unit-holders but shall be reinvested. Unit-holders profit or loss shall be reflected in the changes of a unit's net asset value. Units can be bought, sold and switched on every banking day.

Recommendation: this Fund may not be appropriate for investors who plan to withdraw their money within 3 years. A holding in the Fund is suitable as part of a diversified portfolio.
