

Trigon Dividend Fund

Fact Sheet | April 2020

Fund Facts

Overview

Trigon Dividend Fund invests worldwide in companies which have high or growing dividend yields. The Fund's portfolio consists of approximately 25-50 different securities. While the primary focus of the Fund is equities, the Fund may invest in other instruments, such as convertible or high-yield bonds, to achieve its investment goals.

The Fund's investment style is active management and stock-picking to identify attractively valued companies. The Fund invests into companies which have strong balance sheet and free cash flow generation to sustain high dividend payouts.

The Fund's goal is to offer long term capital appreciation while providing above market risk-adjusted returns.

NAV movements can be followed in: Bloomberg, www.trigoncapital.com, www.morningstar.fi

^{*}The calculation of the performance fee is based on the so-called high water mark ("HWM") principle. In this context the HWM principle is the following: after the Performance fee has been calculated for the first time in the calendar year, the additional Performance fee will be calculated in the same year only if the net asset value of the Unit has increased from the last calculation of the Performance fee.

^{**} The Fund's investment strategy was changed on the 28th of February 2020. While previously the Fund's investments were focused primarily on the Baltic region, then going forward the Fund will be investing worldwide into companies with high or growing dividend yields. Performance prior to 28.02.2020 was achieved under circumstances that no longer apply. Fund was first launched in 2005.
