How investors should use this information:

The above figures are shown on a cumulative basis for investors who have held units throughout the entire period, reported in **EUR**. For investors who bought or sold units during the reporting period a table of the income and expenses arising on a daily basis is provided separately below.

An investor who has held units throughout the entire period should take the income or expense per unit stated above and multiply this figure by the number of units held to calculate the income and expenses to be reported for UK income tax purposes for the relevant income tax period.

An investor who bought/sold units part way through the period should calculate their taxable income and expense figures by taking the cumulative income figure from the table below at the date of disposal and subtracting the income figure at the date of acquisition. Where the units were held prior to the start of the period but sold part way through the period, the investor should just take the cumulative figure at the date of disposal. The income or expense can be allocated to the appropriate income tax period by adjusting for the cumulative income or expense at 5 April.

Investors holding units in the fund as at **31 December 2020** should also include any "Excess Reportable Income" in their tax returns, which is calculated by taking the excess reportable income per unit amounts reported above and multiplying by the number of units held at **31 December 2020**. The excess amounts arise on the fund distribution date, which is **30 June 2021**.

The Fund remains a reporting fund as at the date of this report.

Note 1: Dividend income per unit is calculated after deducting any withholding taxes. Additional information may be provided separately on request showing gross dividend income on a source by source basis and withholding taxes suffered.

Note 2: Allowable Expenses per unit are based on the total allowable expenses of management incurred by the Fund. Certain investors may be able to claim tax relief for management expenses incurred by the Fund.

The information provided above is not intended to constitute legal, tax or investment advice, and investors are advised to seek their own advice on the tax consequences of an investment in the Fund.
