

The figures quoted include all the costs of the product itself, but may not include all the costs you have to pay to your advisor or distributor. It also does not take into account your personal tax situation, which may also affect the amount you end up with.

What you get out of this product in the end depends on the future market development. Future market development is uncertain and cannot be predicted with certainty.

The unfavourable, moderate and favourable scenario shown illustrate the worst, average and best performance of the product and the suitable benchmark over the last 10 years. The markets could develop completely differently in the future.

Recommended holding period:		5 years	
Example Investment:		10,000 EUR	
		If you exit after 1 year	If you exit after 5 years
Scenarios			
<b>Minimum</b>	There is no guaranteed minimum return. You could lose all or part of the invested capital.		
<b>Stress</b>	What you might get back after costs	1,810 EUR	1,900 EUR
	Average return each year	-81,90%	-28,26%
<b>Unfavourable</b>	What you might get back after costs	6,220 EUR	6,030 EUR
	Average return each year	-37,80%	-9,62%
<b>Moderate</b>	What you might get back after costs	9,400 EUR	9,600 EUR
	Average return each year	-6,00%	-0,81%
<b>Favourable</b>	What you might get back after costs	17,870 EUR	13,610 EUR
	Average return each year	78,70%	6,36%

The stress scenario shows what you could get back under extreme market conditions.

Unfavourable scenario: This scenario occurred for an investment between May 2013 and May 2018, using an appropriate benchmark for the calculation.

Moderate scenario: This scenario occurred with an investment between August 2014 and August 2019, using an appropriate benchmark for the calculation.

Favourable scenario: This scenario occurred with an investment between December 2014 and December 2019, using an appropriate benchmark for the calculation.

## What happens if IPConcept (Luxemburg) S.A. Société anonyme is unable to pay out?

The default of IPConcept (Luxemburg) S.A. Société anonyme has no direct impact on your payout, as the statutory regulation provides that in the event of the insolvency of IPConcept (Luxemburg) S.A. Société anonyme, the special assets do not become part of the insolvency estate, but are maintained independently.

## What are the costs?

The person selling or advising you on this product may charge you other costs. If this is the case, this person will inform you of these costs and explain how these costs will affect your investment.

### Costs over time

The tables show amounts taken from your investment to cover various types of costs. These amounts depend on how much you invest, how long you hold the product and how well the product performs if applicable. The amounts shown here illustrate an example investment amount and various possible investment periods.

We made the following assumption:

- In the first year, you would get back the amount invested (0% annual return). For the other holding periods, we assumed that the product would perform as shown in the moderate scenario.
- 10 000 EUR would be invested.

	If you exit after 1 year	If you exit after 5 years
<b>Total costs</b>	143 EUR	711 EUR
<b>Annual cost impact (*)</b>	1,4%	1,4% each year

(\*) This illustrates how costs reduce your return each year during the holding period. For example, it shows that if you exit at the recommended holding period, your average return per year will be 0,6 % before costs and -0,8 % after costs.

We may split a portion of the cost between us and the person who sells you the product to cover the services provided to you. The latter will notify you of the amount if required by applicable laws.

## How long should I hold it and can I take money out early?

**Due to the risk and return profile, we recommend a holding period for this fund of at least 5 years.**

You may, however, redeem the fund by following the redemption procedures outlined in the prospectus. Early redemption may significantly affect the risk and return profile. Redemption may be temporarily suspended if circumstances exist that require a suspension and this is justified taking into account the interests of the investors.

	If you exit after 1 year	If you exit after 5 years
<b>Total costs</b>	265 EUR	1,290 EUR
<b>Annual cost impact (*)</b>	2,7%	2,7% each year

(\*) This illustrates how costs reduce your return each year during the holding period. For example, it shows that if you exit at the recommended holding period, your average return per year will be 0,7 % before costs and -2,0 % after costs.

We may split a portion of the cost between us and the person who sells you the product to cover the services provided to you. The latter will notify you of the amount if required by applicable laws.

## How long should I hold it and can I take money out early?

**Due to the risk and return profile, we recommend a holding period for this fund of at least 5 years.**

You may, however, redeem the fund by following the redemption procedures outlined in the prospectus. Early redemption may significantly affect the risk and return profile. Redemption may be temporarily suspended if circumstances exist that require a suspension and this is justified taking into account the interests of the investors.
