What are the risks and what could I get in return?

1	2	3	4	5	6	7
---	---	---	---	---	---	---

The risk indicator is based on the assumption that you will hold the product 3 years.

- If you cash in the investment early, the actual risk may be significantly different and you may get back less.
- The overall risk indicator helps you assess the risk associated with this product compared to other products. It shows how likely you are to lose money on this product because of market movements.
- We have classified the Fund’s 6 out of 7, i.e. the risk level of the Fund can be considered high. The indicator primarily reflects the increases and decreases of the securities in which the Fund has invested.

Historical data shown here may not be reliable indication for the future and the indicated risk category is not guaranteed and may shift over time. The lowest category does not mean a risk-free investment. No investment is risk free.

- Due to the Fund’s strategy to invest in Russia, CIS countries and Georgia **specific risk factors** of those countries may be risk factors for the Fund as well.
- Risks not included in the risk indicator may be materially relevant: • Liquidity risk • Operational risks • Sustainability risks
- Detailed information about risks can be found in Fund prospectus
- This product does not include protection against future market developments, so you could lose all or part of the invested capital.

Performance Scenarios

What you get out of this product in the end depends on the future market development. Future market development is uncertain and cannot be predicted with certainty. **Due to the fact that trading at Russian Stock Exchange has been suspended, the Fund has been closed for subscriptions and redemptions since February 2022. The Fund is closed until further notice or until the market developments allow the Management Company to open the Fund. Therefore it is currently not possible to provide investors with performance scenarios. You cannot currently buy or sell the product. You can enter buy / sell orders in the system and those will be processed as soon as the Fund**

What happens if Trigon Asset Management AS is unable to pay out?

By law, the Fund's assets may not be held by the Fund management company. Instead, each fund must have a dedicated depository to take care of the safekeeping of the fund's assets. In the event that the Fund management company should go bankrupt, the Fund's assets do not become part of the insolvency estate and the management of the Fund is taken over by the depository. There is no compensation or guarantee scheme for investors in the fund.

What are the costs?

The person selling or advising you on this product may charge you other costs. If this is the case, this person will inform you of these costs and explain how these costs will affect your investment.

Costs over time

The tables show amounts taken from your investment to cover various types of costs. These amounts depend on how much you invest, how long you hold the product and how well the product performs. The amounts shown here illustrate an example investment amount and various possible investment periods.

We have made the following assumption:

-In the first year, you would get back the amount invested (0% annual return). For the other holding periods, we assumed that the product would perform as shown in the moderate scenario.

-10 000 EUR would be invested.

	If you exit after 1 year	If you exit after 3 years
Total costs	21	63,13
Annual cost impact*	0,21%	0,21%

* This illustrates how costs reduce your return every year during the holding period.

* The costs figure does not show costs according to the Fund's prospectus. Due to the fact that the Fund is closed, the Management Company has been compensating all the Fund's cost since March 2022.

We may share part of the costs with the person selling you the product to cover the services they provide you. They will inform you of the amount.

Composition of costs (the amounts in EUR are based on an investment of EUR 10 000)

One-off costs upon entry or exit		If you exit after 1 year
Entry costs	We do not charge an entry fee for this product.	0 EUR
Exit costs	We do not charge a redemption fee for this product.	0 EUR
Ongoing costs taken each year		
Management fees and other administrative or operating costs	0.21% of the value of your investment per year. This is an estimate based on actual costs over the last year.	21 EUR
Transaction costs	0% of the value of your investment per year.	0 EUR
Incidental costs taken under specific conditions		
Performance fees	We do not charge a performance fee for this product.	0 EUR

* The costs figure does not show costs according to the Fund's prospectus. Due to the fact that the Fund is closed, the Management Company has been compensating all the Fund's cost since March 2022. There are no transaction costs, because the Fund is closed for trading.

How long should I hold it and can I take money out early?

Due to the risk and return profile, we recommend a holding period for this fund of at least 3 years.

You may, however, redeem the fund by following the redemption procedures outlined in the prospectus. The fund has no minimum holding period. Early redemption may significantly affect the risk and return profile. Redemption may be temporarily suspended if circumstances exist that require a suspension and this is justified taking into account the interests of the investors.
